NCS BLOCK 1950 Original

The favourite, NCS Block, is easy to handle with colour samples sized for good colour judgement of colour combinations and for identifying colours on different materials and surfaces. The small blocks are comfortably held in the hand and fanned out in order to choose specific colours, which can be isolated for edge-to-edge comparison.

Specifications:

- Colours: 1,950 fully coated standard NCS colours, produced and controlled by NCS Quality Centre according to NCS Quality Level 1
